

Key Stage 3 Quiz

Key Stage 3

75 minute self-led session

Students will engage with our collection and gain insight into Coventry's important contribution to the motor industry, through a question based card quiz. This quiz is designed to facilitate large group visits and can be used in any of our exhibitions. It focuses on a variety of subject areas, including History and STEM subjects. Students are able to play the quiz in a variety of forms, thus providing opportunities for ownership of learning and differentiation.

Learning outcomes

Your pupils will:

- Understand aspects of how vehicles have been designed
- Consider how the design of vehicles has changed over time
- Engage with objects and the museum
